

# Resolutions

---

In memory of Dr. John E. Carne, who died unexpectedly the night of November 27, 1956, of a heart attack, at the age of 42 years.

He graduated in 1947 from the University of Tennessee College of Medicine in Memphis, Tennessee and interned at the John Gaston Hospital there. Dr. Carne began his practice of medicine in Dyer County in 1948.

He served as Captain in the Army Medical Corps in Europe.

He was a member of the American Medical Association, the Tennessee State Medical Association, and the Dyer, Lake, and Crockett County Medical Society. He was Secretary-treasurer of this tri-county medical society. His informative and inspiring messages to our members will long be remembered.

Now Therefore Be It Resolved: That we the members of the Dyer, Lake, and Crockett County Medical Society deeply regret the passing of our fellow physician; that there is a vacancy in our society that time alone can fill. That we extend our sympathy and consolation to the family at their time of bereavement.

The Dyer, Lake, and Crockett County Medical Society

Pres. T. V. Banks, M. D.

Sec.-Treas. J. T. Fuller, M. D.
